Nature
Inspiration

As a reflection of our constant search and our belief on in this catalogue, we want to awaken curiosity by including products which, we are sure, will not disconcert you.
Adrian Lastic, with the work of a farmer, stays true to his philosophy of exploring the essence. Combining the use of the best materials and components, our products provide technical qualities which, in many cases, go beyond the prestigious brands on the market. Always maintaining a very competitive price.
Adrian Lastic continues to consolidate its position as a brand offering the best value for money, which has allowed it to consolidate good bases and to quickly grow.
This is a young brand, so it is still some way to go regarding its knowledge. Even so, we are grateful to the professionals who highlight Adrian Lastic as a reference brand and trust in its products.
We are aware of this competition which exists in the market and we are honoured by the enthusiasm and the betting on our products. Like every year, our catalogue has its own theme: nature images which emerge from stimulating the senses.
We hope that you will enjoy as much as we do.

À travers ce catalogue, relève de nos recherches constantes et de notre savoir sur l'origine, nous souhaitons susciter votre intérêt pour des produits qui, nous en sommes persuadés, ne vous déconcertent pas.
Adrian Lastic, à travers le travail de son équipe, reste fidèle à sa philosophie d'exploration des essences. En combinant l'utilisation des meilleurs matériaux et composants, nos produits présentent des qualités techniques qui, dans bien des cas, sont supérieures à celles des marques les plus prestigieuses sur le marché. Toujours préservant un prix très compétitif.
Adrian Lastic continue à consolider sa position de marque en offrant le meilleur rapport qualité/prix. Il en parvient à bien s'implanter sur le marché et à développer rapidement ses ventes.
Il s'agit d'une marque jeune. Il lui reste donc un chemin à parcourir pour se faire connaître. Nous tenons tout de même à remercier les professionnels qui ont soutenu notre projet, qui ont choisi de confier à nos produits.
Conscients de la forte concurrence du marché, nous sommes honorés par le fait que les professionnels choisissent le bon choix de nos produits.
Et nous espérons que vous décevrez comme nous.
Comme toujours notre catalogue possède une thématique propre. Cette année nous avons choisi les images de la nature évoquant la stimulation des sens.
Nous vous souhaitons bonne réception de ce catalogue.
